Re: Public Records Request

Dear Attorney Bucher:

This is to respond to your letter of April 7, 2011, asking for copies of records in the County Executive Office.

This letter is to inform you that the County Executive office is proceeding to review and assemble the documents you have requested. Because the time frame for documents you request is large and the scope of the documents you requested is significant, it will take some time to do the appropriate computer search and search of files to be responsive to your request. Your letter recognizes this fact by your acknowledgement in your letter that it may take 30 days or so for the response.

Because I leave public office tomorrow, April 19 and will no longer be County Executive, I will no longer be the custodian of the records you request. The newly-elected County Executive who takes office on April 19 is Joe Parisi. I will leave this request in his conscientious hands for a response when those records are available.

Sincerely,

Kathleen Falk
Dane County Executive

Cc: County Executive-Elect Joe Parisi
